

## Suggested MATH Assignments & Pacing during school closure

materials needed: Succeed Homework workbook, Practice Fluency workbook, pencil, timer

### Week 1 -

#### Math - Eureka Module 5 - Fractions

##### Review:

- Lesson 6 Homework – unit fractions
- Lesson 9 Homework – fractions greater than 1
- Lesson 10 Homework – comparing fractions

**Fluency Sprints** – Time each Sprint (A and B) for 2 minutes. Goal is to score better on Sprint B, students are not expected to complete all problems in 2 min.

- Lesson 7 – multiply and divide by 7
- Lesson 10 – multiply and divide by 8
- Lesson 12 – multiply by 9

### Week 2 -

#### Math - Eureka Module 5 - Fractions on a number line

##### Review:

- Lesson 15 Homework –fractions on a number line
- Lesson 16 Homework –fractions on a number line
- Lesson 19 Homework –comparing fractions on a number line
- Lesson 22 Homework –equivalent fractions

**Fluency Sprints** – Time each Sprint (A and B) for 2 minutes. Goal is to score better on Sprint B, students are not expected to complete all problems in 2 min.

- Lesson 17 – division
- Lesson 20 – (pattern sheet) multiply by 7

### Pacing Guide Example - Module 5

Week	Monday	Tuesday	Wednesday	Thursday	Friday
Mar. 16-20	Lesson 6 (HW) Prodigy (15 min)	Lesson 7 (sprint) Lesson 9 (HW)	Lesson 10 (sprint) Lesson 10 (HW)	Finish incomplete lessons Prodigy (15 min.)	Sprint 12 Prodigy (30 min)
Mar. 30 - Apr. 3	Lesson 15 (HW) Prodigy (15 min)	Lesson 16 (HW) Prodigy (15 min)	Lesson 17 (sprint) Lesson 19 (HW)	Lesson 20 (pattern) Lesson 22 (HW)	Finish incomplete lessons Prodigy (30 min)

No Assignments for week of spring break.

### Special Considerations

Math lessons are a review and have already been covered in class, but I realize that some students may still need help completing the worksheets. The amount of support in each household varies, so in cases where support is limited, just ask your child to do his or her best and try to complete as much as they can – it is all part of the learning process!

I did not include specific page numbers because my edition has the student pages numbered differently. IF you find a lesson was already completed in the workbooks (was a previous homework assignment) simply skip it. I left my plans in the classroom and couldn't check for sure. **Please check that your child is working on Module 5 lessons (their workbooks contain Modules 6 and 7 worksheets as well).**
